EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Upon further consideration of claim 6, it was noted that multiple dependency of claim 6 is not in alternate form. See MPEP 608.01(n). Efforts were made to reach counselor Susan Pellegrino on the phone but counselor was not available. The following examiner's amendment is made to claim 6.

The application has been amended as follows:

1. In claims 6, before "claims 1 to 3" insert "any one of" .

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In view of applicants' response, which included cancellation of claims 5, 9-13 and amendment to claims 1-4 and 6-8, all 112 rejections made in the previous office action have been obviated.

The compound of formula I, namely imidazotriazine, with specific R¹, R², R³, R⁴, R⁵, A groups, the process of making, the composition, and the method of treating Parkinson's disease and schizophrenia embraced in the instant claims were not found to be anticipated or rendered obvious by the prior art of record. Additionally, prior art search in the relevant art area yielded nothing teaching or suggesting the variously

substituted imidazotriazine compound of formula I with specific R^1 , R^2 , R^3 , R^4 , R^5 , A groups, the process of making, the composition, composition, and the method of use embraced in the instant claims. Therefore, the examiner noted that the instant claims 1-4, 6-8 and 14 would be in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
